EDUCATION

Institute of Management Sciences, Peshawar, Pakistan
BACHELOR OF SOFTWARE ENGINEERING (HONS) · Sept 2017 - *Aug 2021*

PROJECTS

iNotebook – Note-Taking App

Tech Stack: MERN Stack (MongoDB, Express.js, React.js, Node.js), JWT, Context API, Bootstrap/CSS
A full-stack productivity tool supporting secure login with JWT, note creation, updating, deletion, and centralized state management using Context API.

TextUtils
Tech Stack: React.js, Bootstrap/CSS
A modern text transformation web app with features like light/dark theme toggle, real-time word and character count, and live text preview.

NewsAPI App
Tech Stack: React.js, NewsAPI, Bootstrap/CSS
A dynamic news platform that fetches real-time headlines via NewsAPI. Features include category-based filtering and infinite scrolling.

URL Shortener Web Application
Tech Stack: Node.js, Express.js, MongoDB, EJS, ShortId,TailwindCSS,ThunderClient
Developed a Bitly-like service that shortens long URLs, tracks click statistics, and offers a clean EJS-based frontend with real-time feedback.

Full-Stack Authentication API
Tech Stack: Node.js, Express.js, MongoDB, JWT, Bcrypt, TailwindCSS,ThunderClient
A secure REST API for user registration and login. Includes password hashing (Bcrypt), token-based authentication (JWT), and modular middleware structure.

File Upload System
Tech Stack: Node.js, Express.js, MongoDB, Multer, Cloudinary, TailwindCSS,ThunderClient
Backend system for handling file uploads. Used Multer for multipart/form-data and integrated Cloudinary for cloud storage and file management.

E-Commerce App (In Progress)
Tech Stack: MERN Stack (MongoDB, Express.js, React.js, Nodejs, TailwindCSS,ThunderClient
Building a full-featured online store with user authentication, product catalog, shopping cart, and secure checkout.
